POLICY OBJECTIVES/PURPOSE

The objectives of this policy are to:

- provide transparency by defining the obligations of the gas customers and the processes utilised by Council in assisting them to meet their financial obligations; and
- making the processes used to recover overdue gas charges clear, simple to administer and cost effective; and
- provide equity by providing the same processes to gas customers with similar circumstances; and
- adhere to the debt collection guidelines developed by the Australian Competition and Consumer Commission; and
- comply with all relevant legislation including the *Gas Supply Act 2003* and *Gas Supply Regulation 2007* *Local Government Regulation 2012* and *Information Privacy Act 2009*.

ORGANISATIONAL SCOPE

- This policy applies to all gas customers of the Western Downs Regional Council.
- All overdue gas consumption charges and fees are subject to the actions contained in this policy.

POLICY

Council is committed to the collection of overdue gas charges in a fair, equitable and timely manner but with due concern for any financial hardship faced by gas customers. Council employees will show due diligence in the application of administrative procedures relating to payment arrangements and the selection of various actions for the recovery of overdue gas charges.

RECOVERY ACTION

When a gas account becomes overdue, seven (7) days after the due date of the notice:

- Council will issue a Reminder Notice advising that the gas supply will be disconnected if the all the outstanding gas charges and fees are not paid in full within fourteen (14) days from the date of the letter. Alternatively, if the gas customer is unable to pay all the outstanding charges within fourteen (14) days, the customer must submit a payment plan in writing for approval.

If the account remains unpaid seven (7) days after the Reminder Notice has been issued:

- a Disconnection Warning Letter will be issued advising customers that the supply will be disconnected if the account is not paid in full within seven (7) days. Date will be specified in the letter.

If the account remains unpaid on the date specified in the Disconnection Warning Notice, the gas supply will be disconnected. If the account remains unpaid and the supply is disconnected, a Disconnection Letter is left at the property advising that the supply has been disconnected and the amount required to be paid in order for the supply to be reconnected. In the event that the gas supply is disconnected due to non-payment, a reconnection fee shall apply. For reconnection to the gas supply all outstanding gas consumption charges plus extra charges including the reconnection fee must be paid in full.

Should the supply be disconnected and the charges remain unpaid, the account is referred to Council's Debt Collection Agency for collection.

In the event that the gas is no longer connected to the Council supply and the account is a final account and the account remains unpaid, the account will be passed to Council's Debt Collection Agency for collection.
