

Western Downs Regional Council

GRANTS & FUNDING

How do I apply for Council funding?

Council offers several funding programs to support individuals and community organisations to achieve their goals.

To apply under Council's community grants programs, you need to consider the following:

\$\$\$ Are you eligible for a grant? See the grant guidelines on Council's website.

\$\$\$ If you are eligible, have you selected the correct program?

Once you have confirmed the above, please go to Council's online grants portal. All applications are drafted and submitted through this portal. The link to the grants portal is on Council's website.

Things to consider before starting your application:

\$\$\$ Do you have your organisation's ABN?

- *You will need this for your application to verify your eligibility.*

\$\$\$ Do you have electronic / scanned copies of your latest audited financial statements and

your last two bank statements?

- *These documents are required for the Community Activation Program, Community Projects Program, and the Local Events Program.*

\$\$\$ Do you have electronic copies of other documents you may need for this application?

\$\$\$ Please read the questions carefully and ensure you have answered the question fully or attached the correct documents.

For simple and easy communication with you regarding your application, do you have an organisation email address?

\$\$\$ We encourage groups to use an organisation email address that stays with the committee even through a change in the executive officers. This will ensure that grants can be tracked by the committee, making it easier for acquitting applications and understanding what has been applied for in the past.

Guidelines can be found on Council's website:
