

Western Downs Regional Council

GRANTS & FUNDING

Community Activation Program

Is your community group looking to improve its governance or plan for the future? Active, vibrant and sustainable community groups are an important part of our region. This requires community groups to invest in continual learning, good internal processes, productive partnerships, and having a well-developed strategic plan. The Community Activation Program may be able to support your activation process.

Funding is available for the following types of activities:

-  Conducting a workshop to develop a long term strategic plan for your local community group. You may like to consider partnering with other groups in your area.
-  Support to hold “come and try” days with information and sign on opportunities. This would be a great event to bring together a number of like-minded groups in your area.
-  Engagement of an expert to assist with the development of a volunteer program.

Guidelines can be found on Council’s website:
