

How do I apply for funding?

Council offers a number of funding programs to support community organisations and individuals to achieve their goals.

To apply under Council's community grants programs, you need to consider the following:

- ✓ Have you read the guidelines to ensure you are eligible to apply?
- ✓ Have you selected the correct program to apply under? Not sure which program to apply under? Reach out to one of the Grants Team members.

All applications must be submitted using Council's online grants portal. You will find the link to the portal through Council's website:

Things to consider before starting your application:

- Do you have an organisation email address?
 - We encourage groups to use an organisation email address that stays with the committee even through a change in the executive officers. This will ensure that grants can be tracked by the committee, making it easier for acquitting applications and understanding what has been applied for in the past.
- Do you have your organisation's ABN?
 - You will need this for your application to verify your eligibility.
- You may need other documents for your application. Please read the questions carefully and ensure you have answered the question fully and have attached the correct documents.
