COMPLIANCE, TIMING AND COSTS

4. All conditions of the approval shall be complied with before the change occurs (prior to commencement of the use) and while the use continues, unless otherwise noted within these conditions.

5. All costs associated with compliance with these conditions shall be the responsibility of the developer unless otherwise noted.

FEES AND CHARGES

6. All fees, rates, interest and other charges levied on the property, shall be paid in full, in accordance with the rate at the time of payment.

MAINTENANCE

7. The development (including landscaping, parking, driveways and other external spaces) shall be maintained in accordance with the Approved Plans, subject to and modified by any conditions of this approval.

8. The site shall be maintained in a clean and orderly state at all times, to Council's satisfaction.

INFRASTRUCTURE CHARGES

9. All infrastructure charges including those associated with Council's Water, Sewer, Stormwater, Transport and Parks Networks are now levied under the *Planning Act 2016*. As required under Section 119 of the *Planning Act 2016*, a separate **Infrastructure Charges Notice** is attached.

NOISE EMISSIONS

10. Noise emissions from the development shall not cause environmental harm or nuisance to adjoining properties or "Sensitive Land Uses" in accordance with the *Environmental Protection (Noise) Policy 2019*.

AIR EMISSIONS

11. Air emissions (odour and dust) from the development shall not cause environmental harm or nuisance to adjoining properties or "Sensitive Land Uses" in accordance with the *Environmental Protection (Air) Policy 2019*.

WASTE MANAGEMENT

12. All waste generated from construction of the proposed development shall be effectively controlled on-site before disposal. All waste must be disposed of in accordance with the *Waste Reduction and Recycling Act 2011*.

13. All waste generated on-site must be managed in accordance with the waste management hierarchy as detailed in the *Waste Reduction and Recycling Act 2011*.

VISUAL AND GENERAL AMENITY

14. Any graffiti on buildings or structures associated with the development must be immediately removed.

15. The buildings and the site must be maintained in a clean and tidy manner at all times.

16. All declared weeds and pests must be removed from the subject land and the subject land kept clear of such nuisance varieties at all times during the course of development work and any ensuing defects liability period.

VISUAL PRIVACY TO BEDROOM WINDOWS

17. Durable, fixed and permanent external screening devices (eg shutters or lattice screens) having a maximum transparency of 25% shall be erected on windows or directly in front of windows facing the hardstand areas and vehicle parking and manoeuvring areas, prior to occupation of the development.

Timing: Prior to commencement of the use and maintained at all times thereafter.

CLOTHES DRYING AREAS

18. Clothes drying areas shall be fully screened from the Industrial Use areas on the site and adjoining properties by a solid screen of suitable height and width.

REFUSE STORAGE AREAS

19. Refuse bin storage areas must be screened from public view. Where bin storage occurs outside any buildings, such storage areas shall be screened with a minimum 1.5 metre high solid screen fence or wall.

OUTDOOR LIGHTING IMPACT MITIGATION

20. Outdoor lighting associated with the use must be designed, sited, installed and tested to comply with Tables 2.1 and 2.2 of Australian Standard 4282-1997 Control of the Obtrusive Effects of Outdoor Lighting Using a Control Level of 1.

LANDSCAPING

21. The developer must submit to Council's Planning and Environment Manager or authorised delegate for endorsement, a Landscaping Plan for all landscaping associated with the development. The Plan must be prepared by a suitably qualified and experienced person in landscape design and construction.

22. The Landscaping Plan must detail:

22.1 a landscaping strip with a minimum width of 3 metres of dense planting along the southern boundary of the site shared with Lot 7 on RP203808;

22.2 a landscaping strip with minimum width of 2 metres along the frontage of the property to Laycock Road excluding areas used for access to the site;

22.3 all landscaping areas shown on the Approved Plans;

22.4 the typical species to be planted, consisting mainly of drought-tolerant species suitable to their individual location on-site;

22.5 the number and size of plants; and

22.6 the typical planting details including preparation, backfill, staking and mulching.

23. The developer must prepare and landscape the site in accordance with the Approved Landscape Plan, or as otherwise approved in writing by Council's authorised delegate. Any amendments approved by Council's authorised delegate are taken to be a part of the Approved Landscape Plan.

ENGINEERING WORKS

24. Complete all works approved and works required by conditions of this development approval and/or any related approvals at no cost to Council, prior to commencement of the use unless stated otherwise.

25. Undertake Engineering designs and construction in accordance with the Planning Scheme, Council's Development Manual and Standard Drawings and relevant Australian Standards.

26. Be responsible for the full cost of any alterations necessary to electricity, telephone, water mains, sewer mains, stormwater drainage systems or easements and/or other public utility installations resulting from the development or from road and drainage works required in connection with the development.

27. Submit to Council, certification from a suitably qualified Engineer (RPEQ) that the works have been undertaken in accordance with the Approved Plans and specifications and to Council's requirements, prior to commencement of the use.

LOCATION, PROTECTION AND REPAIR OF DAMAGE TO COUNCIL AND PUBLIC UTILITY SERVICES INFRASTRUCTURE AND ASSETS

28. Be responsible for the location and protection of any Council and public utility services infrastructure and assets that may be impacted on during construction of the development.

29. Repair all damages incurred to Council and public utility services infrastructure and assets, as a result of the proposed development immediately should hazards exist for public health and safety or vehicular safety. Otherwise, repair all damages immediately upon completion of works associated with the development

STORMWATER MANAGEMENT

30. The Stormwater Management Plan prepared by McMurtrie Consulting Engineers, Revision A, dated 10/12/2025 and submitted as part of the application is not accepted. Submit to Council, a final detailed Stormwater Management Plan and Report for approval prior to submission of any application for Operational Work and the Stormwater Management Plan must include, but not be limited to the following:

30.1 amending the Fraction Impervious for the hardstand area to be in the range of 0.7 to 0.9;

30.2 the report provides the pre and post development peak discharges, but does not provide details for mitigation (detention basin) based on the outlet conditions of a detention basin, and does not demonstrate that the peak discharge from the development is not greater than pre-development flows; and

30.3 detention basin design, capacities and operation.

Comment: It is recommended that the runoff routing model be used for the detention basin design, to demonstrate that the post development peak discharges are equal to or less than the predevelopment peak discharges.

WATER SUPPLY

31. Provide a potable water supply for the development independent of the Council's water reticulation system for staff and visitors.

ON-SITE WASTEWATER DISPOSAL

32. Connect the development to an on-site wastewater disposal system, in accordance with AS1547 *On-site domestic wastewater management*, and the Queensland Plumbing and Waste Water Code.

33. Obtain a Development Permit for Plumbing Works for the on-site sewerage treatment system.

PARKING AND ACCESS - GENERAL

34. Provide a minimum of four (4) car parking spaces.

35. Ensure access to car parking spaces, vehicle loading and manoeuvring areas and driveways remain unobstructed and available for their intended purpose during the hours of operation.

36. Maintain dust suppression treatment to all internal roadways, and vehicle manoeuvring areas ensuring not to have an adverse impact on adjoining properties.

PARKING AND ACCESS - SERVICING

37. Ensure loading and unloading operations are conducted wholly within the site and vehicles enter and exit the site in a forward direction.

VEHICLE ACCESS

38. Construct a commercial crossover between the property boundary and the edge of the Laycock Road road pavement, generally in accordance with Council's Standard Drawing No. R-006, Revision A. Ensure that crossover splay is designed to accommodate turning movements of largest expected vehicle. The exit manoeuvre shall not cross the Laycock Rd centreline.

ROADWORKS - ROAD WIDENING

39. Laycock Road shall be upgraded for the full frontage of the proposed development.

40. The upgrade shall include construction of the half-road on the western side of Laycock Road centerline to Western Downs Regional Council Standard for an Industrial Street (WDRC Standard Dwg. R003). This will provide a 6 metre sealed width from the road centerline, upright kerb and channel and a profiled verge to the development boundary.

41. The upgrade shall also include widening of the half-road on the eastern side of Laycock Road of the existing pavement to Western Downs Regional Council Standard for a Rural Access (WDRC Standard Dwg. R002) to a sealed width of 4 metres. The total width of the upgraded road is 10 metres.

Timing: Prior to commencement of use.

Comment: The road upgrade shall match the design for the Operational Work permit issued for 100 Laycock Rd, Miles for external roadworks – Council Ref 040.2025.556.001.

B-DOUBLE ROUTE

42. The section of Council's road network between the Warrego Highway and the site entrance to the property is not currently an approved B-Double Route. If B-Double's or other multi

combination vehicles are proposed to access the development, obtain an approval for the route to be used by multi-combination vehicles from the National Heavy Vehicle Regulator prior to allowing access to Multi-Combination vehicles via above road section. Please refer to the following link for more information: <https://www.nhvr.gov.au/road-access/access-management/applications-and-forms>

ELECTRICITY AND TELECOMMUNICATION

43. Connect the development to electricity and telecommunication services.

EARTHWORKS - GENERAL

44. Undertake earthworks in accordance with the provisions of AS3798 Guidelines on Earthworks for Commercial and Residential Developments.

Comment: Earthworks will require an Operational Work permit.

EROSION AND SEDIMENT CONTROL - GENERAL

45. Ensure that all reasonable actions are taken to prevent sediment or sediment laden water from being transported to adjoining properties, roads and/or stormwater drainage systems.

46. Remove and clean-up sediment or other pollutants in the event that sediment or other pollutants are tracked/released onto adjoining streets or stormwater systems, at no cost to Council.

ENVIRONMENTAL HEALTH

47. Undertake operations and construction work associated with this development to the requirements of Council, including the following:

47.1. do not cause nuisance to adjoining residents by the way of smoke, dust, stormwater discharge or siltation of drains, at any time, including non-working hours;

47.2 remove immediately, any material spilled or carried onto existing roads to avoid dust nuisance and ensure traffic safety; and

47.3 do not carry out works on Sundays or Public Holidays (unless approved otherwise by Council).

Timing: During construction and on-maintenance period and the establishment period of the landscaping or areas disturbed during construction.

48. Do not release contaminants or contaminated water directly or indirectly from the land subject to this approval, or to the ground or groundwater at the land subject to this approval, except for:

48.1 uncontaminated overland stormwater flow; and

48.2 uncontaminated stormwater to the stormwater system.

Timing: Prior to commencement of any works on-site, during works on-site and maintained for the period of the use of the development site.

ADVISORY NOTES

NOTE 1 - Flood Hazard

The property is identified as being located in Low and Medium Flood Hazard Areas on the Flood Hazard Overlay Map in the Western Downs Planning Scheme 2017 incorporating Amendment 2. Where the floor level is not elevated above the defined flood level, the proposed building works may be subject to inundation during a flood event.

NOTE 2 - Relevant Period

"A part of a development approval lapses at the end of the following period (the **currency period**)—

(a)for any part of the development approval relating to a material change of use—if the first change of use does not happen within—

(i) the period stated for that part of the approval; or

(ii)if no period is stated—6 years after the approval starts to have effect."

NOTE 3 - Aboriginal Cultural Heritage

It is advised that under Section 23 of the *Aboriginal Cultural Heritage Act 2003*, a person who carries out an activity must take all reasonable and practicable measures to ensure the activity does not harm Aboriginal cultural heritage (the "cultural heritage duty of care"). Maximum penalties for breaching the duty of care are listed in the Aboriginal Cultural Heritage legislation. The information on Aboriginal cultural heritage is available on the Department of Aboriginal and Torres Strait Islander and Partnerships' website www.datsip.qld.gov.au.

NOTE 4 - General Environmental Duty

General environmental duty under the *Environmental Protection Act 1994* prohibits unlawful environmental nuisance caused by noise, aerosols, particles, dust, ash, fumes, light, odour or smoke beyond the boundaries of the development site during all stages of the development including earthworks, construction and operation.

NOTE 5 - General Safety of Public During Construction

The *Work Health and Safety Act 2011* and *Manual of Uniform Traffic Control Devices* must be complied with in carrying out any construction works, and to ensure safe traffic control and safe public access in respect of works being constructed on a road.

NOTE 6 - Property Note (Audit of Conditions)

An inspection of the property to ascertain compliance with conditions will be undertaken **twelve (12) months** after the approval takes effect. If the works are completed prior to this time, please contact Council for an earlier inspection. A property note to this effect will be placed on Council's records.

NOTE 7 - Duty to Notify of Environmental Harm

If a person becomes aware that serious or material environmental harm is caused or threatened by an activity or an associated activity, that person has a duty to notify Western Downs Regional Council.

NOTE 8 - Infrastructure Charges Notice

An Infrastructure Charges Notice is attached to the approval.

The proposed development is located on land subject to Low, Medium, High and Extreme Flood Hazards. Any building work not raised above the Defined Flood Level may be subject to inundation.

NOTE 2- Currency Period

*"A part of a development approval lapses at the end of the following period (the **currency period**)—*

*(a) for any part of the development approval relating to **Reconfiguring a Lot** —if a plan for the reconfiguration, that under the Land Title Act, is required to be given to a Local Government for approval is not given to the Local Government within —*

(i) the period stated for that part of the approval; or

*(ii) if no period is stated— **4 years** after the approval starts to have effect."*

NOTE 3- Aboriginal Cultural Heritage

It is advised that under Section 23 of the *Aboriginal Cultural Heritage Act 2003*, a person who carries out an activity must take all reasonable and practicable measures to ensure the activity does not harm Aboriginal cultural heritage (the "cultural heritage duty of care"). Maximum penalties for breaching the duty of care are listed in the Aboriginal Cultural Heritage legislation. The information on Aboriginal cultural heritage is available on the Department of Aboriginal and Torres Strait Islander and Partnerships' website.

NOTE 4 - General Environmental Duty

General environmental duty under the *Environmental Protection Act 1994* prohibits unlawful environmental nuisance caused by noise, aerosols, particles, dust, ash, fumes, light, odour or smoke beyond the boundaries of the development site during all stages of the development including earthworks, construction and operation.

NOTE 5 - General Safety of Public During Construction

The *Work Health and Safety Act 2011* and *Manual of Uniform Traffic Control Devices* must be complied with in carrying out any construction works, and to ensure safe traffic control and safe public access in respect of works being constructed on a road.

NOTE 6- Property Note (Audit of Conditions)

An inspection of the property to ascertain compliance with conditions will be undertaken **twelve (12) months** after the approval takes effect. If the works are completed prior to this time, please contact Council for an earlier inspection. A property note to this effect will be placed on Council's records.

NOTE 7- Duty to Notify of Environmental Harm

If a person becomes aware that serious or material environmental harm is caused or threatened by an activity or an associated activity, that person has a duty to notify Western Downs Regional Council.

13.2 Executive Services Report Permanent Road Closure Application Road Reserve that Bisects Lot 3 RP173611 and Lot 45 LY314 Kingaroy-Jandowae Road Jandowae

To determine an application for the permanent closure of a road reserve that is an unformed road that bisects Lot 3 RP173611 & Lot 45 LY314 Kingaroy-Jandowae Road

COUNCIL RESOLUTION

Moved By Cr. O. G. Moore

Seconded By Cr. S. Bougoure

That this Report be received and that:

- 1) Council advises the Department of Natural Resources and Mines, Manufacturing and Regional and Rural Development (DNRMMRRD) and the applicant that it does not support the permanent closure of the request portion of the unformed reserve due to the below reasoning.
 - a) Whilst the segment requested is small it provides connection to the state-controlled road network (Kingaroy-Jandowae Road) for a larger undeveloped road reserve network. Council has concerns that the permanent closure could have negative impacts by creating the potential for Lot 103 LT356 and Lot 166 FTY1138 to be significantly impacted.
