## Authority for Burial

A right of burial licence (grave certificate) is the right to have themselves or any other person they nominate buried in that portion of land (burial site) over which they are the registered holder of the burial licence. Furthermore, the holder of the burial licence is the only person who can authorise the placement of a memorial of any type on that site. Should the holder of the burial licence (grave certificate) pass away, then the licence becomes part of his or her estate, to be administered by his or her Executor. If there is no Executor, then the "major beneficiary", next of kin or power of enduring attorney may take charge, although they will have to provide documentation to support their claim.

## CEMETERY USE TERMS AND CONDITIONS

All persons attending or using Western Downs Regional Council cemeteries must comply with the rules relating to their use. Council may vary those rules at from time to time. The Cemetery Use terms and conditions are contained in:

- Council's Cemetery Operating Procedure;
- Interment Rights Policy; and
- This document, which is intended to provide you with a summary of the operational rules.

By signing the Interment Terms and Conditions Agreement, a person agrees to be bound by the current use rules, including these Terms and Conditions and Council's Operating Procedure for Cemeteries.

### INTERMENT RIGHTS, NEW GRAVES and ASHES MEMORIALS

The Interment Right Holder is the person (individual) who accepted responsibility for a grave site (grave) by signing the Interment Terms and Conditions Agreement at the time of purchase of the grave. The Interment Right Holder is entitled to be interred in the site and authorise the interment of others in the site. On the death of the Interment Right Holder, the authority to grant approvals pertaining to the site reverts to Council. Council will permit, in its absolute discretion on the receipt of an application, a spouse, child, partner, relative, or direct descendant of the Interment Right Holder to be interred in the site provided there is no reasonable cause to believe that this is inconsistent with the intentions of the Interment Right Holder. The interment right may not be sold and is not transmissible by death.

Interment rights to unused graves and ashes memorial sites may be returned to Council. Where rights are returned to Council:

- for those purchased greater than 10 years prior to return, 70% of the original purchase price will be refunded.
- for those purchased less than 10 years 80% of the original purchase price will be refunded.

Council may permit, in its absolute discretion, the transfer of an Interment Right from one person to another.

### PLAQUES & MONUMENTS

All plaques and related products must be approved in advance by Council and follow the appropriate application process and, regardless of supplier, must be installed by Western Downs Regional Council. Plaques and related products for lawn and lawn beams must meet Council sizing and specifications. Council will permit the installation of memorial plaques at its absolute discretion regarding the requirement for respectable and considerate installation. Plaques installed in Council Cemeteries that do not meet council specifications or are installed by an unauthorised party, will be removed.

Council supplied bronze and plinth products have a 5-year warranty for faulty workmanship and defective materials. Council accepts no responsibility for any deterioration in plaques or granite products due to the natural elements or the passage of time. Options for plaque and plinth supply outside of Council options are available to customers provided there is an approved application.

All monumental works must have express written permission of Council prior to work being completed. All monuments must meet Council specifications, approval for the erection or refurbishment of monuments is at the absolute discretion of Council. Monumental work undertaken, without the approval of Council may incur fines in line with Council's Local Laws and any monument will be removed, at the expense of those found to have requested the unauthorised works.

Only authorised stonemasons are permitted to install or undertake work on monumental memorials. This work is separate to Council and is subject to an agreement between the Interment Right Holder, or approved persons (as

specified at the discretion of Council), and the chosen stonemasonry company. Council will not become involved in issues or disputes between these parties.

Council accepts no responsibility for the maintenance of any monument that has been constructed on a grave. The monument will always remain the responsibility of the Interment Right Holder, their family, and descendants. Council reserves the right to remove any monument after due notice to family or descendants (where possible) if the condition of the monument renders it dangerous to cemetery staff or visitors.

### **FLOWERS and MEMORABILLIA**

Graves in lawn areas (as distinct from monument graves) are intended to have minimal flowers and memorabilia. Glass or metal containers, solar lights, pot plants, pebbles, plastic windmills and fencing etc. are strictly prohibited on lawn graves or ashes memorials. Approved flower vases are available for purchase through Council. All flowers and memorabilia in lawn areas not confined to Council issue flower vases will be removed at Council's absolute discretion.

Graves in monumental areas allow for flowers and memorabilia within the confines of the grave covering. Graves in monumental areas that do not have monumental coverings can purchase flower vases through Council, to be installed in the desktop plinth. Flowers and memorabilia in these instances are to be confined to the plinth and flower vases.

Any type of planting in lawn cemetery areas, monumental burial areas and ashes gardens is prohibited.
