

Western Downs Regional Council

GRANTS & FUNDING

In Kind Assistance Program

Does your community organisation need some assistance or practical help from Council through the provision of services or materials? The In Kind Assistance Program may be able to help. The In Kind Assistance Program can provide items that are part of Council's core business at no cost to your organisation.

Some of the things we can help with are:

🔧 Equipment

Example: use of barricades to mark out a track

🔧 Materials

Example: a load of gravel to fill a hole in your driveway

🔧 Labour

Example: Council staff to help set up for an event

🔧 Plant

Example: a water truck for dust suppression

Guidelines can be found on Council's website:

www.wdrc.qld.gov.au/grants-and-funding

The grants team is here to help.

Please contact us if you have any questions regarding Council's grant programs.
