

# Western Downs (COVID-19) Recovery Package

## FOR BUSINESS

### Accelerated Infrastructure Program

The Accelerated Infrastructure Program involves a suite of construction projects that will be fast-tracked to create hundreds of local jobs and deliver economic certainty. The infrastructure projects total \$14.8 million and include road, footpath and community building upgrades and activation projects. Specifically, \$7.7 million has been committed to restoring road and footpaths from flood damage caused in the flood events of January 2020.

Project	Services Required	Procurement Type	Timeframe to go out to market
